  <p id="first"> Since our creation in 1989, Flamingo's philosophy has always been,
  'Just the Product.' This single-minded approach has led to many denim 'firsts': <br/>
    the introduction of 'luxury denim for the streets,' by fusing high-level
  craftsmanship with street level edge to create a new denim sector;<br/>
    the positioning of raw, untreated denim as a wearable and desirable material;
  and the evolution of our distinctive denim silhouette,<br/>
    through the adoption of architectural and 3-D thinking into denim construction.
  </p>
  <p> &nbsp; </p>
  <p>We have also promoted the inherent beauty of denim by creating washes and
  treatments that bring out its unique characteristics and qualities. <br/>
    Today's sophisticated washings palette represents a full life-story, from raw,
  unwashed denim through deep indigo dyed to extreme bleached, <br/>
    with treatments adding multiple gradations of wear to create distinctive,
  textured garments with soul.<br/>
